August, 2005

Theta Chi Fraternity  
3330 Founders Road  
Indianapolis, IN 46268-1333

Dear Theta Chi Brothers:

I write to you as the Norwich University President to invite you to what will be a once in a lifetime celebration of the 150th anniversary of Theta Chi, founded by Cadets Freeman and Chase, at Norwich University.

I have enjoyed the privilege of speaking on two occasions at national meetings of the Theta Chi brotherhood. Each time I have been more inspired and have developed a deeper appreciation for the spirit, tradition, and respect that the Theta Chi Brothers have for Norwich University and that Norwich University has towards Theta Chi.

For the young brothers, you have the unique opportunity to attend the 150th celebration as well as the potential bicentennial of the national fraternity. For the older brothers, some of whom attended the 100th anniversary at Norwich University, this could be a capstone event in your life. Whether you are young or old, this event is something you should not miss. I offer you today a personal invitation to attend. It is at this very special place that you will be in touch with the essence of the fraternity and its founding roots, and you will be able to experience its legacy.

We look forward to your visit.

Best regards,

Richard W. Schneider  
RADM, USCGR (Ret.)  
President
