

From the Editor

Editor

Many of you know that El Ahlwardt, Director of Development and Editor of the Rattle, resigned his position with the Foundation Chapter of Theta Chi at the end of January.

El's adventures have taken him to Tampa, Florida where he serves as Associate Director of Development for the Joint Military Leadership and Science Center at University of South Florida.

There are not enough words to describe all that El represented to Theta Chi. He will be missed. Please join with the Board of Directors and the Director of Foundation Services of the Foundation Chapter in wishing him the very best of luck.
